September 28th, 1917

W. J. Dunstan, Esq.,

Toronto.

Dear Mr. Dunstan:

Professor Oswald Smith has passed on to me for an answer the question that you put to him in your letter as to whether it is intended to erect an individual or other memorial in the University. I referred this matter to the Board of Governors yesterday. The Board certainly intends to have a memorial erected within the University bearing the names of all members of the University, graduates and undergraduates, or former students, who have fallen in the war. The Board, however, does not intend to undertake steps for the erection of such a memorial until the war gives evidence of drawing to its close, and it has not yet been decided what form it will take, but I am sure that it will be worthy of the sacrifice of those who have fallen and of the University. In these circumstances the Board does not think that individual tablets should be placed in the University grounds, as such a practice might involve us in difficulties.

With kind regards, I am,

Yours sincerely,

President.
